

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

PRINTED BY STEPHEN AUSTIN AND SONS.

INTRODUCTION.

The Registers of Caundle Bishop, from their commencement in 1570 until the year 1814, are comprised in three volumes.

VOL. I is of parchment, in a limp parchment cover; the leaves, thirty-six in number, measuring 20 ins. by 6½ ins.

The entries begin on the second leaf with Baptisms, 1570; on the eighteenth leaf the Marriages begin; on the twenty-fourth leaf the Burials, also in 1570, but Burials for 1718-38 are recorded on the twenty-second and twenty-third leaves.

The greater part of the twenty-sixth leaf has been cut away, but probably nothing has been lost thereby.

On the *verso* of the twenty-ninth leaf are records of Benefactions, which are continued on the thirty-fifth.

The last leaf in the volume contains only the entry of a marriage not "in the Origenall," dated 1590, written in the scribe's hand,—and the election of Waywardens in 1685, when the Register was used to record the entry, as though the usual Waywardens' Book was not at hand.

It will be noticed that there are several lacunæ in the volume, extending over a considerable period.

The Register, to the middle of 1598, is a transcript.

VOL. II is a narrow folio, bound in rough brown calf, and containing forty-one leaves of parchment, measuring 15½ ins. by 7 ins., with two

paper fly-leaves at the beginning and two more at the end. It is entitled "The Register Book of all persons Baptized, Married, and Buried in Caundle Bishop from Nov^{br} 1737," and on the first leaf it is recorded that "This book was bought Nov^{br} 1738, cost 12s.

The Rev^d Mr. E. MILLECHAMP, Rector.

Cha^s HERBERT, Curate.

Mr. Nicholas GILLINGHAM, }
Mr. John KELLOWAY, } Church Wardens."

This leaf also contains Tables of Fees, a Memorandum relating to the Churchyard Fences, and a note of Mrs. E. Thorne's Benefaction copied from the old Register.

Leaves two to thirteen, both inclusive, and the beginning of leaf fourteen, contain Baptisms, 1737-1814; Marriages, 1738-1752, commence on leaf nineteen, and occupy one page only; and Burials, 1737-1814, commence on leaf thirty-three, and occupy eight leaves. The rest is blank. Some memoranda are written on the fly-leaves.

VOL. III is the usual Marriage Register issued in 1754, a paper book, folio, in a parchment cover, and the leaves ruled with lines. It contains Banns and Marriages 1754-1812. Twenty-one leaves are occupied with entries, the remaining three are blank.
